## Double Knit Scarf

### Step-by-step detailed tutorial

## Materials:

- UK11/3.0 mm needles.
- Worsted (8 Ply) yarn, 2 colors.  
I've used Himalaya everyday bebe lux.
- Scissors.
- Needle.

## Gauge:

- 4x4" / 10x10 cm = 27 stitches x 36 rows.

## Abbreviations and symbols:

- St/ sts = Stitch(es)
- St - Stitch.
- Ea - Each.
- [ ] (brackets) - used to enclosed a sequence meant to be repeated. After the closing brackets will be the number of times to repeat the instruction.
- Edge stitch - Add/ cast on one extra stitch on each side of the project, it should be a first and the last stitch on the row.  
Slip the first stitch in every row.  
Purl the last stitch with both threads in every row.  
The Edge Stitch is not counted in the total count of stitches.
- Front/ Back color - Each stitch on the pattern corresponds to two sts that are worked.
  - If in the uneven row in pattern written "1 ST Front", knit one st with dark color, then purl one stitch with light color.
  - Conversely in the uneven row in pattern written "1 ST Back", knit the first st with light color, and purl the second st with dark.
  - In accordance with it, if in the even Row in pattern written "1 ST Front", knit one st with light color, then purl one stitch with dark.
  - Conversely in the even Row in pattern written "1 ST Back", knit the first st with dark, and purl the second st with light color.
  - For example, row 5, start with 2 Front: K1 dark, P1 light color, K1 dark, P1 light color. On each side you will get 2 stitches, but you should make 4 stitches at all, 2 for each side.

**Scarf:**

- Start with Dark color and cast on 90 st:  
44 X 2 and 2 for edge stitches (one edge stitch in the beginning and one in the end).
- On the first row attach ligh color: with both strands in back of work, k1 with dark; bring both strands to front of work, p1 with ligh color
